FIRE DEPT.

Overview

The Community Emergency Response Team, sponsored by the Morrow Fire Department, is designed to allow citizens the opportunity to volunteer to assist the fire department and other city departments in the event of large scale disasters, city-wide events, and other situations as deemed appropriate by the Fire Chief.

The team members will hold limited authority to assist the fire department as needed with activities including but not limited to: traffic control, scene size up, utilities control, triage, establishing rehabilitation areas for personnel, limited search procedures, and other activities as deemed necessary.

The training will consist of an 8 week course, meeting once a week for 2-3 hours in the evening. Graduation from the course is mandatory to become a member of the CERT.

Applicants are required to submit to a limited background investigation which will be performed by the Morrow Police Department. Accepted applicants must be 18 years of age or older by the start of the first day of class. Applicants cannot have a misdemeanor conviction within the last five (5) years, and applicants who have felony convictions or cases awaiting disposition will not be considered.

The Morrow Fire Department is proud to sponsor this opportunity. Our agency encourages the citizens of this area to register for this unique experience. This training does not require applicants to have any specific physical abilities and we will make reasonable attempts to accommodate applicants with physical disabilities (we request that you notify us in advance if you have special needs.)

This team provides an exciting opportunity to serve the needs of your community when it is needed most. Qualified applicants will be assigned to the class on a first come, first served basis. If a vacancy is not available for you, you may be placed on a waiting list for the next available academy.
